

ABOUT THE CD

The corner stone for improving the quality of life of persons with disability lies in empowerment of their lives, education is one of the best known tools for empowerment of Persons with Disabilities. Presently, it become mandatory for the state to follow zero rejection policy to realize inclusive education.

In order to accommodate every child in the classroom, it is imperative to appreciate the individual difference among them. Heterogeneous composition of the classroom is challenging for the teachers. Teacher needs meticulous planning to rope in various aspects related to instructions and adaptive behaviour.

Behaviour modification is a strategic approach based on learning principles which will come in the forefront of teacher's effective way of dealing with classroom dynamics for children with special needs in the inclusive setups. It aims to increase skill behaviours on one side and decrease problem behaviours at other side. An attempt is made through this CD to equip teachers/resource teachers on behavioural management of children in inclusive classroom setup. A teacher has to conduct behavioural assessment to now the causative factors of various maladaptive behaviours of the children in the classroom situation. There upon accordingly various behavioural techniques like extinction, physical restraint, timeout, restitution, etc. are selected and applied for compliance in the classroom set up. All these techniques are demonstrated in this CD with vivid description of various steps in the real time situations with guidelines.

Hopefully, this CD on Behaviour Modification will be helpful for teachers to deal with challenging behaviour of children with special needs in inclusive classroom setup.
