NATIONAL INSTITUTE FOR THE EMPOWERMENT OF PERSONS WITH INTELLECTUAL DISABILITIES, REGIONAL CENTER, KOLKATA

ABOUT THE INSTITUTE:

The National Institute for the Empowerment of Persons with Intellectual Disabilities (NIEPID) was established in 1984 under the Ministry of Social Justice and Empowerment, Government of India. It is an apex body to undertake human resource development for delivery of services to persons with mental retardation, to develop appropriate models of care for persons with mental retardation, to identify, conduct and coordinate research in assessment, education, training and rehabilitation of persons with mental retardation and to serve as National Resource Centre in the field of mental retardation. The institute has its regional centres at New Delhi, Kolkata and Mumbai.

NIEPID Regional Centre, Kolkata was established in March, 1986 in the campus of National Institute for the Orthopedically Handicapped, Bonhooghly, B.T.Road, Kolkata- 700 090. The centre runs 3 long-term courses approved by RCI namely:

- B.Ed. Special Education (MR) B.Ed. Spl. Edu (MR)) (two-year duration)
- Diploma in Education (Special Education) (MR) (D.Ed. S.E. (MR)) (two-year duration)
- Diploma in Vocational Rehabilitation (D.V.R. (MR)) (one-year duration)

The centre conducts short term training programmes/ Seminars/ National Conferences for professionals and parents every year. There is a special clinic for early identification and intervention for overall development of the child at risk. Services in the areas of special education, vocational training and early intervention are provided in the centre. Placement of students is allowed for undergraduate and postgraduate students from the areas related to the field of mental retardation. The centre conducts awareness camps and screening camps as a part of its extension and outreach activity. The centre also provides technical support to NGOs working in the field of mental retardation.

The long term course B.Ed Special Education (MR) at this centre was started in 2004. The institute endeavours to excel in building capacities to empower persons with Intellectual Disabilities. Since the quality of life of every person with Intellectual Disabilities is equal to other citizens in the country, in that they live independently to the maximum extent possible and through constant professional endeavours, National Institute for the Empowerment of Persons with Intellectual Disabilities (Formerly National Institute for the Mentally Handicapped) empowers the persons with mental retardation to access the state of the art rehabilitation intervention viz., educational, therapeutic, vocational, employment, leisure and social activities, sports, cultural programmes and full participation. The objectives for which NIEPID (Formerly NIMH) works are listed as under:

Objectives

- Human Resources Development
- Research and Development
- Development of models of care and rehabilitation.
- Documentation and dissemination.
- Consultancy services to voluntary organizations
- Community Based Rehabilitation
- Extension and Outreach programmes

ABOUT THE COURSE AND ITS GENERAL OBJECTIVES:

B.E d. Special Education (Mental Retardation) is affiliated to West Bengal State University, Barasat, 24Paraganas North, West Bengal (WBSU) and approved by the Rehabilitation Council of India and NCTE. Special Education is an emerging field with the manpower requirement having increased in the past decade. As the persons with Disabilities (Equal Opportunities. Protection of Rights and full Participation) Act 1995 emphasizes education as the right of every child with disability, the role of special educators has further been broadened.

Keeping in view the need for special teachers at various levels, the B.Ed. Special Education (Mental retardation) has been launched. If we look at the scenario of educational services in the country, we have a larger number of special school, integrated schools or special classes in regular schools and special education programming in community based settings. The B.Ed. Special Education (Mental Retardation), therefore, aims at training special educators to work with children with mental retardation in different settings mentioned above.

On completion of B.Ed. Spl. Edn. (MR) the teacher can function as:

- Coordinator/In-Charge/Principal of special schools for children with mental retardation.
- Resourceroomteacherinregularschoolswhereslowlearnersandchildrenwith learning problems are found in the mainstream.
- Special Educator in a multidisciplinary team in various settings when the need arises.

The above functions are envisaged keeping in mind the National Policy on Education 1986, which states (1) children with mild disabilities will be in regular schools, (2) children with severe disabilities will be in special schools, (3) vocationalization of education should be considered in school level, (4) teacher training programs should be re-oriented to include children with special need and (5) voluntary efforts must be encouraged. This being the case, the above programme will prepare teachers who can work effectively as resource room teachers in regular school and will have the competencies to teach children within mild disabilities. Further, the expenditure shows that the regular schools have been reluctant in starting resource rooms because of lack of trained manpower. This may also help in having a wider scope of employment of the special education teacher in the regular educational setting to act as resource teacher. The course content includes organization and administration skills, thus preparing them to be in the position of Incharge/Principal of special schools. The curriculum also covers pre vocational areas and involvement in community, thus preparing the teacher to plan for total educational programming for persons with mental retardation in the school going age. When such trained staffs are available, necessarily the voluntary efforts will be further enhanced because of availability of trained human resource.

ELIGIBILITY:
