2.2 GENERAL OBJECTIVES:-

The B.Ed.Spl.Ed. programme aims to develop Special Education teachers/Educators for children with disabilities for various settings (including Inclusive, Special, Open School and Home Based Education). The B.Ed. (Special Education) programme will prepare human resources to enable them to acquire knowledge and develop competencies and skills to impart education and training effectively to children with disability as well as all other children and this being teachers for all children. After completing the B.Ed. (Special Education) programme the student-teachers will:

- a. Acquire knowledge & skills about human development, contemporary Indian education, and pedagogy of various school subjects and assessment for learning.
- b. Acquire knowledge & skills about nature and educational needs of children with disabilities as well as of few select specific disabilities.
- c. Develop conceptual understanding of education provisions and skills for working with children with various disabilities in Special and inclusive settings.
- d. Enhance knowledge and skills for professional development.

PLACEMENT OPPORTUNITIES TO WORK AS SPECIAL EDUCATOR:-

- In regular/inclusive schools.
- In Special Schools in classes for school children
- In research projects on special Education
- Coordination of Anganwadi Centres and any Govt, or Private pre-school Centres including children with special educational needs.
- To be a home based instructor and/or itinerant teacher for School Children with Developmental Delays.
- Rehabilitation clinics.
- Community Based Rehabilitation programmes.

3.0 ABOUT THE COURSE:

B. Ed. Special Education (Intellectual Disability) is a course affiliated to University of Mumbai and approved by the Rehabilitation Council of India.

Special Education is an emerging field with the manpower requirement is increased in the past decade. As the Rights of Persons with Act, 2016 emphasizes education as the right of every child with disability; the role of special educators has further been broadened.

If we look at the scenario of educational services in the country, we have a large number of special school, integrated schools or special classes in regular schools and special education programming in community based setting. The B. Ed. Special Education (Intellectual Disability), therefore, aims at training special educators to work with children with intellectual disabilities in different settings mentioned above.

On completion of the course, they can function as a special educator:-

- Coordinator/Incharge/Principal of special schools for children with intellectual disabilities.
- Resource room teacher in regular schools where slow learners and children with learning problems are found in the mainstream.
- Special educator in multi-disciplinary team in various settings as and when the need

The above functions are envisaged keeping in mind the National Education Policy 2020, which based on the principles of Access, Equity and Inclusion.

This being the case, the above programme will prepare teacher who can work effectively as special educators in an inclusive school and will have the competencies to teach children with mild disabilities as well as to work as special educators with students with moderate & severe disabilities in a special school/home based setup.

Further, the experience shows that the regular schools have been reluctant in starting resource rooms because of lack of trained manpower. This may also help in having a wider scope of employment of the special education teacher in the regular education setting to act as resource teacher. The course content includes organization and administration skills, preparing them to be in the position of Incharge of special schools. The curriculum also covers pre-vocational areas and involvement in community, thus preparing the teacher to plan for total education programming for persons with mentally challenged in the school going age.
