

Short Write Up on CAI Software Packages

Computers have become inevitable in every walk of life. Research on CAI on Ms DOS (1993) & Windows(1995) conducted by Department of Special Education at NIMH proved to be effective in educating children with MR. In addition to learning content their memory, concentration and retention levels increased. Hence, further research was carried out and the following 6 CAI packages have been developed.

- Literacy
- Numeracy
- My Country
- Living and Non living
- Health and Safety
- Community Utilization
- Sajeev aur Nirjeev (Hindi)

All the packages have been field tested and found to be effective in educating CWMR various abstract concepts with ease. Built-in immediate reward system was reinforcing to the students.

Each software has facility for

- Individualizing each student's file
- Option to engage in Individualized and small group instruction
- Progress monitoring
- Inbuilt error correction and reward
- Quiz
